

Vertical Adapter Gaskets / Vertical Mounting Info

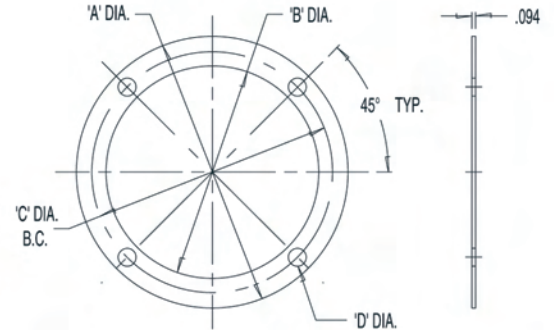

Transpower Horizontal/Vertical Adapters can be mounted on top of a hydraulic reservoir with a vertically mounted installation. The Pump and Adapter assembly is enclosed within the tank.

Transpower Vertical Adapter Gaskets provides a seal between the adapter and reservoir top.

Material: 3/32" thick Buna-N

Gasket Part Number	Pump/Motor Adapter Size	Dimensions			
		Diameter A	Diameter B	Bolt Circle C	Diameter Holes D
VG056145	56C 143TC, 145TC	6.63	5.19	5.88	(4) .437 dia.
VG182256S	182TC, 184TC 213TC, 215TC 254TC, 256TC	9.00	6.31	7.25	(4) .563 dia.
